

## LOICZ Snapshots of coastal zones

LOICZ Snapshot is a new feature on the LOICZ website and in our newsletter LOICZ INPRINT. LOICZ Snapshot is a non scientific report from people (scientists and non scientist) for the LOICZ community. LOICZ snapshot tries to capture special adventures, experiences and impressions in coastal regions in order to tell about people living or researching in these coastal zones or other interesting aspects of 'remote' regions along the world' s coasts.

**If you also want to become a “LOICZ Snapshot Reporter” please send your “Snapshot article” to: [loicz.ipo\(at\)loicz.org](mailto:loicz.ipo(at)loicz.org)**
