

**FALEVATIE**

- Acceptance of the term Falevatie
- Construction of 21 composting Toilets
- Continuing increase in interest in Falevatie
- Request from Communities to have Falevatie within Water Policy
- EDF10 approval for construction of Composting Toilets on Outer Islands

**CAPACITY BUILDING**

- Gender Mainstreaming Workshop
- Technology Transfer
- Training of local construction workers in correct construction of Falevatie

**NATIONAL PLANNING PROGRAMS**

**Climate Change Policy and Water Policy**

(Under the EU National Planning Program, IWRM Tuvalu was going to work with PACC Tuvalu to collaborate on the National Climate Change and National Water Policies)

- Water Policy
- Water Act
- National Building Code (water section)
- Water Plan

## LESSONS LEARNT

- Financial Reporting  
(sending flash can save days of mundane work )
- Kaitasi
  - Construction of Composting toilets on Family owned land
- World Water Day week
  - Good activities
  - Poor organisation and too many “organisers”
- Environment Awareness Community Workshop
  - Use of specialists in raising awareness in the community saw a greater understanding of the relationships between human behaviour and environmental and health impacts

## WORLD WATER DAY 2011

THANK YOU
