

CHEMICAL SAFETY... OUR RESPONSIBILITY!!!

STORE APPROPRIATELY!

Store all chemicals in proper containers, which are properly labeled, and in locked cupboards.

HANDLE CORRECTLY!

Handle all chemicals properly; wear all the required safety gear.

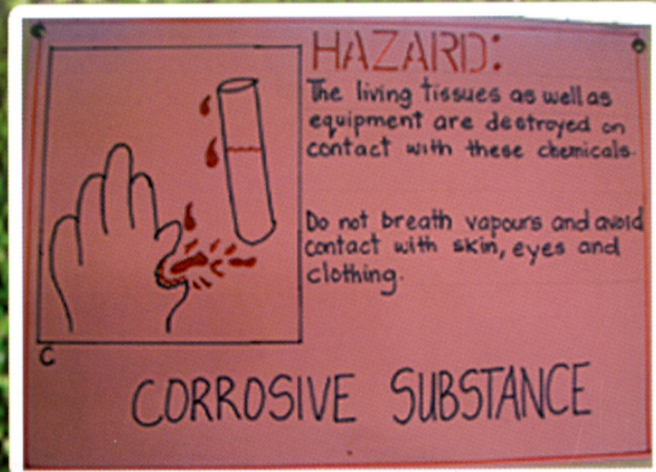

DISPOSE THOUGHTFULLY!

Always ask your teacher or supervisor on how and where to dispose the used chemicals.

FOLLOW INSTRUCTIONS!

Always read and follow instructions given in charts or by your teachers and supervisors. Read labels carefully.

**our irresponsibility can harm
our health and
our environment!!!**

IMPROPER HANDLING!

Do not forget to wear any safety gear in the Laboratory.

IMPROPER STORAGE!

Do not store chemicals in ordinary, unlabelled bottles.

IMPROPER DISPOSAL!

Do not dispose/discard chemicals carelessly.
