National Project (Joint Project)

Large

Mationa	r Project (John Project)	Large
CNP-001	Conservation of fish habitat in the Tonle Sap Great Lake and in the upper Mekong in Cambodia	
CNP-002	Integrated Water Resource Management for Mekong Dolphin Conservation	
CNP-003	Tourism infrastructure and eco-tourism investment plan in the North East Region	
CNP-004	Small-Scale Hydropower Development Project along the Stream in Prek Te, Prek Kampi, Prek Chlong, Prek Chrey Maing, and Prek Odambal	
CNP-005	River Bank Protection Project of the Mekong river bank in the Provincial Town	
CNP-006	Development of Hydropower Project for the Lower Se San II	
CNP-007	Development of Hydropower Project for the Lower Sre Pok II	
CNP-008	Development of Small-Scale Hydropower Projects in Srok Siem Bok, Srok Steung Treng and Srok	
CNP-009	River Bank Protection Project of the Mekong river bank	
CNP-010	Improvement of Domestic Water Supply in the Province	
CNP-011	River Bank Protection Project of the Lor Peouv River	
CNP-012	Community-based Natural Resources Management Project	
CNP-013	Lowland and Highland Region Poverty Alleviation and Agricultural Development Project	
CNP-014	Community-based Natural Resources Management Project	
CNP-015	Integrate Watershed Management of Stung Siemreap sub-catchments	
CNP-016	Birds and Man – Finding the Balance Between Irrigation, Eco-Tourism and Biodiversity in Trapeang Thmar Reservoir	
CNP-017	Tonle Sap Floodplain Management Project	
CNP-018	Integrated Soil, Water and Agriculture Development Project	
CNP-019	Future Power – Studying Northwest Cambodia's Electricity Development Options	
CNP-020	Human Resource Development and Watershed Management	
CNP-021	Development of Integrated Agriculture	
CNP-022	Watershed Management	
CNP-023	Protection and management of flood from Thai border and irrigated agriculture	
CNP-024	Management of Flood from Tonle Sap and Irrigation	
CNP-025	Management of Rainfall and Irrigation	
CNP-026	Establishment and Capacity Strengthening of Provincial Committee on Tonle Sap Sub-area Works.	
CNP-027	Management and Flood Forest Conservation	
CNP-028	Management Conservation of Provincial Reserved Fishing Territory	

CNP-029	Development of Provincial Aquaculture	
CNP-030	Data collection and development of integrate GIS base information system on fishery in Cambodia	
CNP-031	Chemical Waste Reducttion	
CNP-032	Integrated Livestock Development	
CNP-033	Rehabilitation of Sangker River Irrigation System	
CNP-034	Rehabilitation of Bovel Irrigation System	
CNP-035	Rehabilitation of Mong Ressey River Irrigation System	
CNP-036	Forest Management and Reforestation	
CNP-037	Forest Conservation participated by Local Communities	
CNP-038	Integrated Agricultural Production Project	
CNP-039	Construction and Rehabilitation of 3 Floating Ports	
CNP-040	Improve River bank stability and Embankment.	
CNP-041	Wastewater Treatment Plant Construction	
CNP-042	Construction and Rehabilitation of Water Disposal System in Kampong Chhnang Capital and Roleaphear District	
CNP-043	Flooded Protection Dike	
CNP-044	Watershed Management	
CNP-045	Restoration of Tonle Sap Bed	
CNP-046	Ecotourism	
CNP-047	Restoration of Irrigation Systems (6 areas)	
CNP-048	Strengthening of Fishing Lots	
CNP-049	Integrate Water Resource Development and Management Planning of the Stung Sen Sub- catchments in Cambodia	
CNP-050	Fish Seed Management	
CNP-051	Protection of Stung Sen's Bank	
CNP-052	Construction of Floating Port, Stung Sen district	
CNP-053	Wastewater Treatment Facility	
CNP-054	Restoration of Boeung Snor Irrigation System	
CNP-055	Rehabilitation and Construction of Trapeang Veng Irrigation System	
CNP-056	Rehabilitation and Construction of Chong Kal Irrigation System	
CNP-057	Fishing Species Management and Aquaculture Development	
CNP-058	Training and Practice of Farmers at Research Center of Fruit Trees and Rice	
CNP-059	Reduction of Pesticide Use	

CNP-060	Strategy for Land Management in accordance with Crop Patterns	
CNP-061	Integrated Agricultural System for Plateau and Floodplain	
CNP-062	Establishment of Fruit Tree and Vegetable Community	
CNP-063	Integrate water resource management for crop intensification and diversification farming system	
CNP-064	Integrated Agricultural System for Plateau and Floodplain	
CNP-065	Rehabilitation of Kbal Hong Irrigation	
CNP-066	Hydropower development plan for the western region	
CNP-067	Integrate Water Resource Development and Management Planning of the Stung Pursat Sub-	
CNP-068	Solid Waste Management in Kampong Lourng Recreation	
CNP-069	Bird Conservation in Kampong Tkul	
CNP-070	Conservation and Management of Flooded Forest and Reserved Fishing Lots	
CNP-071	Use Appropriated Techniques for Agriculture to Reduce Chemical Fertilizer Use and Livestock Development	
CNP-072	Conservation and Diversion of Water Resources for Irrigated Agriculture Use and Forest	
CNP-073	Conservation of Water Resources for Irrigated Agriculture	
CNP-074	Conservation of Water Resources for Use in the Province	
CNP-075	Development of port facilities along the Mekong/Bassac/ Tonle Sap Rivers	
CNP-076	Sewage and Wastes water Treatment Plants	
CNP-077	Establishment of Solid Waste Community in Chong Khneas, Siem Reap Commune	
CNP-078	Rehabilitation of Oukdol Irrigation system	
CNP-079	Rehabilitation of water basin 95	
CNP-080	Rehabilitation of Meun Reah Irrigation system	
CNP-081	Rehabilitation of O Sro Em Irrigation system	
CNP-082	Protection of natural resources along Sen River	
CNP-083	Aquaculture development for all district in the province	
CNP-084	Collection of fish data in Sen river	
CNP-085	Reduce the use of chemical fertilizers and pesticides	
CNP-086	Agriculture Land Improvement	
CNP-087	Establishment of Animal Breeding Centre	
CNP-088	Promotion of Agricultural Production and Export	
CNP-089	Extension and Improvement of Livestock Production and Animal Health	
CNP-090	Potential and Problems – Recession Agriculture, Flood Polders, Groundwater and Pumped Irrigation	

CNP-091	Management and Treatment of Sewage in Phnom Penh Municipality	
CNP-092	Improvement of Domestic Water Supply in the Rural and Provincial Towns	
CNP-093	Morphological study on the Mekong at Kampong Cham town and the vicinities	
CNP-094	Feasibility Studies and Rehabilitation and Construction of Small and Medium-scale Water Storage Reservoirs and Agro-meteorological Station Establishment	
CNP-095	Integrate Watershed Management of the Prek Thnot River basins	
CNP-096	Sustainable Integration of Irrigation, Flood Management and Navigation for Steung Toch and Steung Takeo	
CNP-097	Valleys and Riverine Irrigated Agricultural Production Project	
CNP-098	Rural Water Supply, Use and Sanitation Project	
CNP-099	Integrated Agro-forestry Development in the Northeast Region of Cambodia	
CNP-100	Downstream Flow Management Study for the Se San River Hydropower	
CNP-101	Highland People's Poverty Reduction and Agricultural Stabilization Project	
CNP-102	Deep Pools and Fisheries Conservation and Management Project	
CNP-103	Eastern region hydropower development plan of Cambodia	
CNP-104	Exploration, Study and Data Collection for Prioritization of Large-Scale Hydropower Sites in the Se San, Sre Pok and Se Kong Rivers	
CNP-105	Alternative Energy – Micro-hydropower and the Extension of the Electricity Grid into the Se San, Sre Pok and Se Kong Sub-areas	
CNP-106	Pilot project for Integrate Watershed Management of the Sekong, Se San and Sre Pok river basins in Cambodia	
CNP-107	Development and Promotion of Cultural and Eco- Tourisms	
CNP-108	Improvement of Domestic Water Supply in the Rural and Provincial Towns	
CNP-109	Rationalization of the Use of Chemical Fertilizer and Pesticide Through Sustainable Agriculture Farming Techniques	
CNP-110	Soil crop suitability mapping in the Cambodian Mekong Delta and Northeastern Region	
CNP-111	Forest Re-delineation and Green Vegetation Classification in Cambodia	
CNP-112	Technology Dissemination for Development – Hooking Up with the Modern World	
CNP-113	Modern and Traditional Farming Systems - Regional Experience and Knowledge Sharing and	
CNP-114	Flood protection and irrigation system: Damnak Chheur Kroam Project.	
CNP-115	Flood management and irrigation system: Kamping Pouy Project	
CNP-116	IWRM development plant of the Stung Chikreng Sub-catchments	
CNP-117	Integrate Water Resource Development and Manamagement plan for Staung River sub-catchments	
CNP-118	Flood Disaster Management Information System Training for Provincial Committees for Disaster Management (PCDMs) in Nine Flood-prone provinces in Cambodia	
CNP-119	Integrate Water Resource Development and Management Planning in the Sekong, Se San and Sre Pok Sub-catchments in Cambodia	
CNP-120	Integrate water resource management for crop intensification and diversification farming system for Kampong Chhnang Province	
CNP-121	Integrate Water Resource Development and Management Planning in the Cambodian Mekong	

CNP-122 CNP-123	Integrate Water Resource Development and Management Planning of Stung Chinit 2nd Phase	
CNP-123		
	Hydro-meteorological Network Improvement	
CNP-124	Development of Mathematical and Socio-economic Models for the Cambodian Mekong Delta	
CNP-125	Integrate Water Resource Development and Management Planning of the Prek Chhlong	
CNP-126	Integrate Water Resource Development and Management Planning of the Prek Preah, Prek Krieng and Prek Te	
CNP-127	The Groundwater Mapping for Integrate Water resource Planning and Development	
CNP-128	Integrate Water Resource Development and Management Planning of the Stung Sreng Sub-	
CNP-129	Establishment of and Institute for Integrate Water Resource Development	
LNP-020	Nam Ngum3 hydropower development Installed capaty 460 MW	
LNP-021	Nam Ngum 2B hydropower development Installed capaci 615 MW	
LNP-022	Nam Ngiep1 hydropower development Installed capaciy t268 MW	
LNP-023	Theun Hinboun Expansion 140 MW (Nam Theun3 100 MW) Installed capcity 240 MW	
LNP-024	Xekaman 1 Hydropower ProjectInstalled capacity 468 MW	
LNP-025	Xe Pian- Xe Nam Noy Hydropower ProjectInstalled capacity390 MW	
LNP-026	Nam Theun 1 Hydropower ProjectInstalled capacity 424 MW	
LNP-027	Xe Kong 4 Hydropower ProjectInstalled capacity 485 MW	
LNP-028	Xe Kong 5 Hydropower ProjectInstalled capacity250 MW	
LNP-029	Nam Kong 1 Hydropower ProjectInstalled capacity 150 MW	
LNP-030	Xe Xet 2 Hydropower ProjectInstalled capacity76 MW	
LNP-031	Nam Ngum 4A Hydropower Project, installed capacity 56 MW	
LNP-032	Nam Beng Hydropower ProjectInstalled capacity 30 MW	
LNP-033	Xe Pon 3 Hydropower ProjectInstalled capacity 65 MW	
LNP-034	Nam Bak 2B (Nam Cha) Hydropower ProjectInstalled capacity 102 MW	
LNP-035	Xe katam Hydropower ProjectInstalled capacity 57 MW	
LNP-036	Nam Ngum 5 Hydropower ProjectInstalled capacity 100 MW	
LNP-037	Nam Lik Hydropower ProjectInstalled capacity 100 MW	
LNP-038	Houay Lamphan Gnai Hydropower ProjectInstalled capacity 60 MW	
LNP-039	Nam Long Hydropower ProjectInstalled capacity 11 MW	
LNP-040	Nam Ngum 4B Hydropower ProjectInstalled capacity 50 MW	
LNP-041	Nam Pot Hydropower ProjectInstalled capacity 20 MW	
LNP-042	Nam Sane 3 Hydropower ProjectInstalled capacity 50 MW	

LNP-043	Xe Xet 3 Hydropower ProjectInstalled capacity 16 MW	
LNP-044	Small Scaled Hydropower Development Project	
LNP-045	Integrated Watershed Management of Nam Tha river, Louangnamtha province, Lao PDR.	
LNP-046	Integrated Watershed Management of Nam Beng river, Oudomxay province, Lao PDR.	
LNP-047	Integrated Watershed Management of Nam Ou river, Louangphrabang province, Lao PDR.	
LNP-048	Integrated Watershed Management of Nam Khan river, Louangphrabang province, Lao PDR.	
LNP-049	Integrated Watershed Management of Nam Mang river, Vientiane province, Lao PDR.	
LNP-050	Integrated Watershed Management of Nam Ngiep river, Borikhamxay province, Lao PDR.	
LNP-051	Integrated Watershed Management of Nam San river, Borikhamxay province, Lao PDR.	
LNP-052	Integrated Watershed Management of Nam Theun-Nam Kading river, Khammouane province, Lao	
LNP-053	Integrated Watershed Management of Se Bangfai river, Khammouane province, Lao PDR.	
LNP-054	Integrated Watershed Management of Se Banghieng river, Savannakhet province, Lao PDR.	
LNP-055	Integrated Watershed Management of Se Pian river , Champasak province, Lao PDR.	
LNP-056	Integrated Watershed Management of Se Done river , Champasak province, Lao PDR.	
LNP-057	Integrated Watershed Management of upper Se kong river , Sekong province, Lao PDR.	
LNP-058	Improvement and expansion of towns and rural water supply	
LNP-059	Rural Water supply and Sanitation Program in Poorest Districts in Laos	
LNP-060	Study on raw material for fish feed.	
LNP-061	River and reservoir fisheries management.	
LNP-062	Rural aquaculture extension.	
LNP-063	Fish breeding and spawning ground management and fish restocking to the nature	
LNP-064	Study on Pangasius gigus.	
LNP-065	Establishment and strengthening of Banna hatchery for propagation of Mekong indigenous fish.	
LNP-066	Fresh water prawn research in Xayabury and Luang phrabang.	
LNP-067	Morphological study in the Mekong and Heung rivers	
LNP-068	Bank protection project of the Sithantai, Vientiane Capital-Thabo, Nongkhai province (Thailand)	
LNP-069	Construction project of flood ways, dike and water gates	
LNP-070	Hydrological and Meteorological Network Expansion	
LNP-071	Study of the flash flood areas and monitoring in Northern region. (Phongsaly, Luangnamtha, Oudomxai, Xiengkhuang and Bolikhamxai Provinces).	
LNP-072	Bank protection project of Ban Mai, Champasak province-Pak Moun, Ubonrachathani province	
LNP-073	Bank protection project of Bokeo province-Chiangrai province (Ban Mixaysavang, Ban Tinthat and Ban Donsavane)	

LNP-075 Feasibility study project for river bank stability Vientiane Capital-Nongkhai province LNP-076 Integration of navigation and road transportation LNP-077 Transboundary Community Fisheries Management and Dolphin Ecotourism in Chiteal Pool on the Lao-Cambodian border LNP-078 Champassak Province LNP-079 Tourism Development Planning and Management of Kone Pa Paeng Waterfall Area in Champassak Province LNP-080 Tourism Development and Development of Trekking in Xe Pian National Protected Area (NPA) in Champassak Province LNP-081 Tourism Development and Conservation of Cave System in Khammouane Province LNP-082 Tourism Development and Nature-based Tourism Product Development in Vientiane Province LNP-083 Pro-Poor Community based Tourism Development in 12 provinces of Lao PDR LNP-084 Strengthen Community Water Quality Surveillance and Control LNP-085 Integration of navigation and road transportation LNP-086 Navigation improvement in the Mekong River LNP-087 The study of river transport in the Mekong River, North-south, Lao PDR LNP-088 Improvement and expansion of towns and rural water supply. LNP-089 Management and treatment of waste water and solid waste from industries and towns. LNP-090 The study of water use for industrial development LNP-091 Improvement/Rehabilitation of Nam Souang Irrigation Project TNP-001 The pilot area of launching database centre and human resource development serving for water resources management TNP-002 A manners building of River Basin Organisation (RBO) TNP-003 The Capacity Building of River Basin Organisation (RBO) TNP-004 Flood and drought history research centre for management TNP-005 Eco and transboundary tourism of Mekong TNP-006 Roke- Ing-Nan Project TNP-007 The public participation of community forest management and natural resources conservation TNP-008 Kok- Ing-Nan Project TNP-009 Khong Chi Mun water Diversion for Irrigation Development TNP-000 Improvement of water use efficiency in agriculture development in the Sekong, Sesan and Srepok The Com	LNP-074	Bank protection project of Paksane, Bolikhamsay province-Bungkan, Nongkhai (Thailand)
