

**MRC**  
**ERA Training Course**

**Workshop 2**

**Team 1 – Cambodia/Vietnam**  
**Phnom Penh 4-8 September, 2006**

**Team 2 – Lao/Thailand**  
**Chiang Rai 11-15 September, 2006**

| <b>Day</b>          | <b>Activity</b>  | <b>Who</b> |
|---------------------|--|------------|
| Day 1               | Revise ERA principles (including revisiting the conceptual model)<br>Session on report writing<br>Complete Team Reports<br>Teams to undertake a qualitative risk assessment for their issue  | BTH        |
| Day 2               | Field trip   | All        |
| Day 3               | Introduction to quantitative risk analysis<br>Introduction to Bayesian network models  | BTH        |
| Day 4               | Further work on conceptual model (summarise what information is available for each state and each linkage)<br>Each team to prepare report on their model, the information available to build the Bayesian network model, and what information they are missing and how they will obtain this information | All        |
| Day 5<br>(half day) | Complete team report<br>Decide on what needs to be done in period Oct-Nov and who will do what   | All        |
|                     |  |            |
| 18-22 Sept          | <b><i>Special modelling workshop</i></b><br>Bayesian Network Training in Vientiane<br>(for the modellers only)   | CP         |
