# Request for Tenders

File: AP3/11/1 - PIGGAREP  
Date: 12 October, 2010  
To: Interested suppliers  
Contact: Nixon Kua (Climate change mitigation officer)

**Subject: Request for tenders: Renewable Energy DVD Documentary for Pacific Islands Countries**

## 1. Background

- 1.1. The Pacific Regional Environment Programme (SPREP) is an intergovernmental organisation charged with promoting cooperation among Pacific islands countries and territories to protect and improve their environment and ensure sustainable development.
- 1.2. For more information see: [www.sprep.org](http://www.sprep.org).
- 1.3. Information about the Pacific Islands Greenhouse Gas Abatement through Renewable Energy (PIGGAREP) and each country as in the table.

Participating Countries	Main Renewable Energy Feature	Feature Project
Cook Is	Energy Policy and Renewable Energy Target of 30% by 2010	Mangaia Wind Power Project
Fiji	Active Rural Electrification Programme. 100% electrification (60% Renewable and 40% Non-renewable) by 2016.	Promotion of RESCOs in Fiji1
Kiribati	Kiribati Solar Energy Company. RE electricity to the 70% of its rural population.	EU EDF 9 Outer Islands Solar Electrification Project
Nauru	30% RE by 2015	The Taiwan-funded solar home system project
Niue	100% renewable energy economy target	The REP-5 solar water heater
PNG	To be advised	tba
Samoa	se the share of RE by 20% by 2030	RE Awareness Programm; Wind monitoring in Upolu Hydropower/wind resources assessment
Solomon Is	Solar Rural Electrification Hydropower electrification	<ul style="list-style-type: none"> <li>• California Solar Water Pump</li> <li>• Aola Rural Health Centre</li> <li>• Italian Funded Solar PV for Rural Community High School</li> <li>• Masupa mini-hydrpower scheme</li> <li>• Tina Hydropower scheme</li> </ul>
Tonga	Tonga Energy Roadmap – 50% RE by 2012	The Haápai PREFACE PV Project
Tuvalu	100% RE by 2020 target	The e8 grid-connected PV project
Vanuatu	Power Utility target of 25%	The Port Orly Biofuel Project2

	generation from RE by 2012	
--	----------------------------	--

## 2. Specifications: statement of requirement

- 2.1. SPREP would like to call for tenders from qualified and experienced film makers or production houses who can offer their services to produce a documentary on Renewable Energy in the Pacific region, - specifically a project in their country and the lessons learnt.
- 2.2. The successful applicant will need to provide a completed documentary by 28 March 2011.
- 2.3. Please check "Attachment Annex 1" for full requirements for tender submission.

## 3. Conditions: information for applicants

- 3.1. To be considered for this tender, interested suppliers must meet the following conditions: they must be based in the Pacific islands countries or territories, they must be experienced film makers, and their budget must contain reasonable costs.

## 4. Submission guidelines

- 4.1. Tender documentation should demonstrate that the interested supplier satisfies the conditions stated above and is capable of meeting the specifications and timeframes, and provide supporting examples to address the evaluation criteria. Further information is available on "Attachment Annex 1"
- 4.2. Tender documentation should outline the interested supplier's complete proposal: methods, personnel (and their skill sets / curricula vitae), timeframes and costs, please check "Attachment Annex 1" for full requirements for tender submission.

## 5. Evaluation criteria

- 5.1. SPREP will select a preferred supplier on the basis of SPREP's evaluation of the extent to which their tender documentation demonstrates that they offer the best value for money, and that they satisfy the following criteria.
- 5.2. Expertise and demonstrated experience in documentary production.
- 5.3. Realistic and reasonable budget costs

## 6. Deadline

- 6.1. The due date for submission of the tender is: 29 October 2010
- 6.2. Late submissions will be returned unopened to the sender.
- 6.3 Please send all tenders clearly marked 'TENDER: Renewable Energy Documentary to:  
mail: Director  
SPREP
